Employees are permitted to contribute one or more days of sick leave to the sick leave pool in units of eight hours, with a maximum of 40 hours. Contributions may be made to the sick leave pool once per month.

Sick leave contributed to the pool may not be designated for the use of a particular person. An employee who desires to contribute sick leave to the pool must submit a written request to the pool administrator. The written request shall be placed in the employee's permanent file.

Upon approval of an application to contribute sick leave, the pool administrator will credit the sick leave pool with the contribution and will deduct a corresponding amount from the contributing employee's sick leave balance.

An employee is eligible to withdraw sick leave from the pool if the pool administrator determines that the employee or a member of his or her immediate family suffers from a catastrophic injury or illness and that the employee has exhausted all accrued paid leave because of a catastrophic illness or injury or because of a previous donation of sick leave to the pool.

Requests to withdraw sick leave from the pool must be submitted in writing to the pool administrator. A request must be accompanied by a statement from the licensed practitioner treating the illness or injury that resulted in the exhaustion of the accrued paid leave of the employee making the application. The statement must provide sufficient information regarding the illness or injury to enable the pool administrator to evaluate the employee's eligibility.

In determining the amount of sick leave to be assigned to an eligible employee from the pool, the pool administrator will take into consideration the information contained in the employee's request, the number of requests then pending, and the amount of sick leave available in the pool. In no event shall the sick leave allocated to an eligible employee from the pool exceed 30 days or one-third of the sick leave pool balance, whichever is less.

Upon approval of a request for sick leave pool hours, the pool administrator will credit the employee with sick leave pool hours and will notify the employee and the supervisor of the amount of time granted from the pool.

The employee may use sick leave assigned from the pool in the same manner as sick leave accrued by the employee and will be treated for all purposes as if the employee were absent on earned sick leave.

Personal calls made above the minimum the City of Winona provides will be the full responsibility of the employee, to be paid in full from the employee's payroll within the month, once the employee has been notified of the amount they owe.

Discipline and Three Step Procedure

The basic premise of the Three-Step Disciplinary procedure is that if an employee receives three written warnings in a one-year period, this constitutes an unsatisfactory record that warrants termination. All warnings will be kept in the employee's file.

Steps of the Discipline Process are:

Step 1) 1st Written Warning - This warning notice is given to the employee in writing, stating what was wrong, how to correct it - or what is the right thing to do, what is expected in the future, and what will be the next action if another violation occurs or if what is wrong is not corrected. If there is a time period for correction or if probation is given, this is also to be stated in the written warning. The supervisor signs and dates the warning notice, has the employee sign to acknowledge receipt, even if not necessarily agreeing with it. If the employee refuses to sign, the supervisor calls in someone to witness the refusal, makes such notation on the warning notice, initials it, and has the witness sign it.

Step 2) 2nd Written Warning - Following the same procedure as in Step 1. And since this is the 2nd Written Warning, a disciplinary suspension without pay (no less than 2 days, nor more than 5) is given. Advise the employee on the Written Warning - "YOUR JOB IS IN JEOPARDY" OR, "IF IT BECOMES NECESSARY TO GIVE YOU THREE (3) WRITTEN WARNINGS WITHIN A ONE (1) YEAR PERIOD, TERMINATION WILL OCCUR". This notice, and the time-off without pay, should make the employee understand the seriousness of receiving the 2nd Written Warning. The supervisor signs it and has the employee sign it. Follow Step 1 refusal procedure above if the employee refuses to sign

Step 3) 3rd Written Warning - If an employee is "Written Up" three times in a one-year period, the employee is to be terminated as a result of the third offense. It is not necessary that the 3 "Write Ups" be for the same or similar offense. Also, an employee with no previous warnings in their file might engage in conduct that is serious enough to warrant immediate termination even though Steps 1 and 2 were not accrued. In either event, the supervisor should:

Document the facts carefully.

Be certain documentation is in order.

Inform the employee of the final decision.

The supervisor retrieves the City of Winona property such as keys, handbook, uniforms, etc., and tells the City of Winona employee how they will receive their final paycheck.
