Rates and Charges for Taps and Service

Tap Charges:

A tap charge shall be made to the City for each utility tap made to the City's utility systems. It shall be the duty of the builder, developer, and homeowner to deposit with the City at the time of a building permit is issued, the tap fees as follows:

*Charges include the cost of the meter

UTILITY	SIZE OF TAP	CHARGES
WATER	5/8"-3/4" (Household)	$2500.00
WATER	5/8"-3/4" (Commercial)	$2500.00
WATER	1"	$2500.00
WATER	2"	$2500.00
IRRIGATION	5/8"x3/4" - 1"	$2500.00
IRRIGATION	2"	$2500.00
SEWER		$350.00
GAS	1" (Household/Commercial)	$2500.00
GAS	2" (Industrial)	$2500.00

Any additional charges assessed to the City to install any of the above taps (i.e. road boar, specialized welding, deep dig, increased cost of meter or material, etc.) will be passed through to the customer requesting the tap.

Some Commercial and Industrial Meters have different rates based upon the type of meter that they have. Please contact City Hall to verify the type of meter for your specific location.
